

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON, D.C. 20370-5100

JRE
Docket No: 6027-99
11 October 2000

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 5 October 2000. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you underwent a pre-separation physical examination on 23 September 1992. You did not disclose a history or then current symptomatology of a mental disorder, and you specifically denied frequent trouble sleeping, depression or excessive worry, loss of memory or amnesia, and nervous trouble of any sort. You were found physically qualified for discharge by the examining physician on that date. You were discharged by reason of misconduct on 30 September 1992.

The Board noted that in order for you to qualify for disability separation or retirement, you must demonstrate that you were unfit by reason of physical disability at the time of your discharge, and that your discharge by reason of misconduct is erroneous or unjust. As you have not met either of those conditions, there is no basis for granting your request for correction of your record. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be

taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
